

DRAIN SLAB ●

Qcon is manufacturing high quality Drain Slabs. It provides effective surface water drainage, preventing flooding and water damage. They enhance safety by reducing slip hazards, offer durability for heavy foot traffic, and contribute to a clean and organized outdoor environment. Drain slabs are low-maintenance, ensuring long-term functionality and practicality in managing water runoff.

Utilizing hydraulic press and vacuum de-watering machines equipped with advanced German technology further underscores your dedication to manufacturing top-notch products. The ability to offer a variety of shapes and sizes provides flexibility for different projects and design requirements. Additionally, the option to paint the kerb stones based on customer preferences adds a personalized touch and enhances their aesthetic appeal.

Available Sizes :

300X300, 400X400, 500X500, 600X300, 600X600,
750X400, 750X500, 900X400, 900X600

Available Thickness :

40, 60,80,100, 125 & 150 mm
